**DOUGLAS D. WATTS
PRIMARY EXAMINER**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms Schmidt on 2/8/05.

The application has been amended as follows: in claim 1 line 5 after "one" insert –transversely disposed-, in line 9 after "exposed" insert –a top end of the handle defining a receiving socket adapted to receive said transversely disposed trim blade and-, in claim 4 line 9 after "end" insert defining a receiving socket adapted to receive said transversely disposed trim blade-, delete claim 7, in claim 8 line 10 after "cavity" insert and defining a receiving socket adapted to receive said trim blade-.

The following is an examiner's statement of reasons for allowance: the newly cited reference to Guardino shows a trimmer stored in the handle of a razor. This is much like the device previously set forth in claim 8. In view of this art applicant has modified claim 8 to include the recitation of a specifically shaped socket to define over the reference. Further the other claims were also so modified. This specific feature is not shown or suggested by any of the cited references.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
